TESTIMONIALS

"It was on a particularly difficult day when I read the news that I received a sponsorship from Underdog Warriors. The pain of my symptoms left me feeling so broken and purposeless for so long, I woke up already sunken into a deep depression. I read the acceptance letter, and was overcome with grateful tears. The next day, I noticed that although my symptoms were exactly the same... they felt lighter. I even walked lighter. My ability to handle the symptoms felt easier. The only difference that had occurred was knowing that someone out there, someone I had never met, actually CARED that I was sick. I still feel buoyed up weeks later. What a miracle a little care can do. The Underdog Warriors Team helped me remember that in my darkest hour, even feeling forgotten and without purpose, I still really do matter."

"Since receiving your sponsorship..I can report feeling 80% improved. My gratitude is so deep for what Underdog Warriors has done for me.."

TESTIMONIALS

"I have been solidly living the Medical Medium lifestyle for over 4 years now with a specific supplement regime, and have been addressing some very long term 'autoimmune' issues and a life time of eczema. At the beginning of this year, my liver started releasing a lot of old stored toxins that triggered a severe eczema flare. I could not function for about 5 months, and being self-employed in the alternative health field, could not work at all for about 2 months, and did not have enough financial stability to handle that AND keep going on the supplements that were really helping me get through it. That panic was adding even more stress and very unsupportive.

Underdog Warriors' assistance with an amazing Vimergy supplement order came at a critical time that has allowed me to relax and focus on my healing. Months later, my energy levels are returning and I am almost back to normal work loads and financially restabilizing. THANK YOU Underdog Warriors, I could not have bounced back so quickly without your generosity!

Joyce"

TESTIMONIALS

"Hello UDW, hope all is well! I wanted to send you an update. I am so amazed at how well the supplements you sent supported my kids immune systems. Every fall at the start of soccer season my son gets a horrible cough that keeps him up all night with a runny nose and congestion that lasts a couple weeks (last year it came back for a second round). My daughter usually gets a high fever which requires a couple doses of cucumber juice to bring it down and congestion. This year was so different, my son barely had a cough and congestion for about a week with no issues at night and my daughter had 1 night with a low grade fever and no other symptoms. It was such a blessing and relief to know that their immune systems had the support they needed and it really showed. Thank you so much for all of the work you do

TESTIMONIALS

"Today I am really grateful for talking to both Joseph and Liz. Their passion to listen, help my Autistic daughter, myself with our health issues let's us know we are no longer alone on this healing journey. The saying goes: you can go fast alone or go further together. Thank you both from the bottom of my heart for coming into our lives because you are helping us more than you know.

Sincerely,
Gary Martinez Jr"

"My experience with Underdog Warriors was truly a compassionate one. I was having a very hard time with my symptoms so when I received the news of being accepted I felt so much hope that things would get better.

From the beginning I felt heard and supported on what I needed for my symptoms, Liz and Joseph were always so reassuring and gentle taking me through the process that I will always be grateful for this space. Only we know, as a community, how much we go through, how heartbreaking being chronically ill is, and having this support was critical for me and I'm sure for so many others.

I thank from the bottom of my heart all the people that has made this support possible for the people struggling like me."

TESTIMONIALS

"I wouldn't be where I am today if it weren't for the underdog warriors. They provided help and hope when I needed it the most. The work they do is intentional, and I'll forever be grateful for all they've done and continue to do."

Hafsa

"I lost my job and was feeling really stressed out about how I was going to be able to pay bills and still afford food, let alone supplements. The stress made my symptoms worse but I was so relieved when I learned that Underdog Warriors accepted my application. The process was quick and smooth, and they were able to provide me with critical supplements and support sessions. It has made a world of a difference in my symptoms & I am forever grateful for their support during this difficult time. Liz & Joseph are two truly compassionate people & a joy to work with!"

Ashley

TESTIMONIALS

"Your gift has brought me such incredible relief. The stress of knowing that I could not pull my healing out of this downward spiral without being able to afford the supplements was overwhelming. You turned the light back on for me. I am now filled with hope again for my future rather than depression. Knowing that there are such wonderful, caring souls who wish to help makes such a difference. I was afraid if I tried to express my gratitude that I would cry & didn't want to do that to you!

I'm still in shock over the volume of stuff in the delivery! I realize that you know by tracking that it was delivered, but I wanted to acknowledge receipt & to express my overwhelming gratitude. I should have emailed sooner, but have been a little out of commission due to a flare. So I apologize if my delay gave any impression that I was not sooooo very grateful. I kept having to look at the box as tho it wasn't real.... I didn't have the words to express my gratitude, but realized that it had been too long since the delivery. I am humbled & am in awe. I have to admit that I do not feel worthy of such a gift. There are so many people in need! I keep asking "why me?" I can't imagine the stress of going thru all the applications & having to decide whose life to change. Bless you & every1 who had a part for all that you do. We do have angels here on earth.

Peace, Marantha"
